FUTURE FOCUSED

MESSAGE OF THE HON. CHAIRMAN

Dr. Ramesh Badlani, an ardent champion of education, established the National Public School in 1994. He firmly believed that the innate potential of each child comes to fruition only through qualitative education and that the quality of education imparted today, determines the quality of life in India, tomorrow.

Dr. Badlani's vision envisages a well-rounded education of children, where-in the qualities of the mind, body and soul are synthesized to create a complete human-being. The students departing from the portals of N. P. S. should carry with them the aura of an educated and

enlightened human-being, as well as values that make them ideal citizens of the country.

Dr. Badlani himself is highly educated (Dentist B.D.S., N.B.D. (U.S.A.)) and a popular and well respected personality of Indore.

His missionary zeal for education has few parallels. To provide for the best there-in education, he has incorporated modern concepts, amenities and systems to create a progressive and vibrant institution, comparable with only the best in the country.
